# NETWORK COMMUNICATION SOLUTIONS

CAT6a iPORT SERIES

CAT6a 24 PORT UTP FAST ETHERNET PATCH PANELS (IDC Type)

FEATURES

» Hinged label holder for easy label changes
» Projecting portion of IDC terminal can hold wires in position before termination
» Each 6 Port based module is replaceable
» Compatible with both 110 or Krone termination tools

CERTIFICATES AND TEST NUMBERS

» UL CODE: Patch panels shall be UL Listed under file number E357669
» 3P CODE: P/N TTAF Attestation of Conformity No.113796

STANDARDS & PHYSICAL SPECIFICATIONS

» UL 1863 safety listed
» UL 94V-0 fire retardant plastic
» ANSI/TIA-568-C.2
» 482.6mm(W) x 43.65mm(H) x 32.55mm(D)

APPLICATION

» For CAT 6A UTP solutions 10 Gigabit.
» Compatible with ANSI/TIA-568-C.2 CAT 6A component performance
» Suitable for 10 Gigabit ethernet applications.
